SEASON 1902—1903.

SPECIAL WHOLESALE PRICE-LIST

— OF —

TREES, SHRUBS, ROSES, CAMELLIAS, ETC.

OFFERED BY

F. LÜDEMANN,
Pacific Nursery

3041 BAKER STREET, bet. Lombard and Chestnut
SAN FRANCISCO.

The Presidio and Ferry Cable Cars run past the Nursery.

NURSERY AT MILBRAE, SAN MATEO COUNTY, CAL.

I beg to offer my new trade-list for 1903, thanking you for the generous patronage extended to me for the past thirty-four years, and soliciting a continuance of the same. My stock at the present date is looking exceptionally well, and is being mostly grown on my Nursery at Milbrae. My office and sale-yard will continue at my place at No. 3041 Baker street, San Francisco, and all orders will be filled from this place.

HOW TO REACH MY NURSERY.

My Green-houses and Office are situated on Baker street, between Lombard and Chestnut, and are easily reached by the Presidio and Ferries cable cars from the corner of Montgomery avenue and Washington street; also the California, Hyde and O'Farrell street cable cars transfer to the Presidio and Ferries cable cars at the corner of Union and Hyde streets, which run within one block of my Nurseries on Baker street, where all sales are made.

TO CORRESPONDENTS.

This list cancels all former prices. Prices may change without notice.

Correspondents will greatly oblige by observing as far as possible the following points in making out their orders.

All orders should be legibly written out on a separate sheet, and not mixed up with the body of the letter, thereby saving me a great deal of trouble, and tending to prevent mistakes.

Articles furnished at the prices named only when numbers specified are taken. Six will be furnished at the dozen rate; fifty at the hundred rate, and five hundred at the thousand rate.

To avoid errors, state by which route they wish the plants to be forwarded; otherwise I will send them as I deem best for the purchaser.

All trees and plants are carefully and securely packed in the best manner, for which a small charge is made sufficient to cover cost of material used. No charge will be made for the delivery of packages to the railroad and steamer or express office. Also, all plants will be delivered free of charge in the City of San Francisco.

All articles are at the risk of the purchaser after being shipped. I must not be held responsible for any loss or delay that may occur through the negligence of the forwarder.

Orders to be sent by express C. O. D. must be accompanied by at least one-half the amount in cash; otherwise they will receive no attention.

My customers are requested to notify me immediately of any error that may be committed in filling their order, so that the same may be rectified, as I desire to give satisfactory dealing to all who favor me with their orders.

PACIFIC NURSERY,

3041 Baker Street, bet, Lombard and Chestnut, San Francisco.

Telephone, Scott 1176.

PRICE-LIST, 1903.

AZALEA INDICA.

My importation of Azaleas of 1902 comprises the most handsome and free blooming varieties as named below, and others. They are grown on short, straight stems, have close crowns and are well set with flower buds.

Plants 11 to 12-inch crowns.....	\$4.80 per 12; \$35.00 per 100
“ 12 to 13 “ “	6.00 per 12; 50.00 per 100
“ 13 to 14 “ “	7.50 per 12
“ 15-inch crowns and over.....	12.00 to \$24.00 per 12

Argus—Fine red, dark center.
 Apollo—Very fine orange-red.
 Baron de Vriere—Enormous snow-white flowers, petals with undulated margins sparingly striped crimson and blotched sulphur yellow.
 Bernard Andrea Alba—Superb white flower very desirable.
 Comte Charles de Kerchove—Soft rose, crimson stripes and margined white.
 Cocarde Orange—Pure orange with amaranth spot.
 Deutsche Perle—Pure white; very free and early.
 Emperor of Brazil—Flesh color with white border.
 Empress of India — Salmon with white border. Fine.
 Edmund Vervaene—Splendid shape; claret colored flowers.
 Eros—Pure white.
 Helene Theleman—Pink; very fine and early.
 John T. D. Lewelling—Flesh color with white border, dark blotch.
 Mad. de Greve—Rose-colored flower, white border. Early.
 Mad. Cam. v. Langenhove—Snowy white, broadly banded with salmon and carmine.
 Mad. H. Seidel—Splendid double white, slightly striped red.

Mad. Joseph Vervaene — Large double flower of finest pink, bordered with white.
 Mad. Paul de Schryver—Double, imbricated lively violet-rose.
 Mad. Vander Cruysen—Glossy rose tinted with amaranth. Fine and early.
 Mille. Louise de Kerchove—Bright flesh-colored flowers, flaked with orange, blotched finely with maroon and shaded carmine; white border.
 Minister Léon de Bruyn—Large semi-double flower of a lively orange-rose color.
 Pharalde Mathilde—Early double white, striped and flamed with cherry red.
 Princess Victoria — Double scarlet, red center, white border.
 Professor Walters—Beautiful variety; rose bordered white.
 Reine Marie Henriette—Pure white with rosy stripes and blotches; fine form; immense flowers.
 Sakumtala—A grand variety; very double; purest white.
 Sigismund Rucker—Lilac-rose, bordered white, blotched with bright crimson.
 Simon Mardner — Intense velvety rose. Very beautiful and early.
 Schnee—Of the purest white.
 Vervæneana—Clear pink, white margin. Large flowers; very fine.

AZALEAS INDICA.

Azaleas Indica, home grown, good assortment without names, double and single, 25 cents to 75 cents each, according to size.

AZALEA MOLLIS.

Azalea Mollis, fine, well grown plants.

10 to 15 flower buds	35 cents each; \$4.00 per 12
15 to 20 “ “	50 cents each; 5.50 per 12
20 to 30 “ “	\$1.00 each; \$11.00 per 12

CAMELLIAS.

Camellias are acknowledged to be the finest winter-flowering shrub in cultivation. They will grow freely in any fairly good garden soil, and require but little attention after the first year after planting. They must not be allowed to become too dry until they are well established. The plants I offer are perfectly healthy, well rooted and three or four years from the graft. They are raised in my own nursery in the open air.

Plants two feet high, with flower buds, 50 cents each; \$50.00 per hundred. Plants without flower buds, 40 cents each; \$40.00 per hundred. Larger plants, with flower buds, from 75 cents upwards.

Alba Pleno—Pure white; considered the very best.	Mad. Verschaffelti—White shaded blush, striped red.
Baroness de Rothschild—Pure white; large flower; strong grower.	Marchioness of Exeter—Deep rose.
Bertha Ravena—White; early bloomer.	Marguerite Lechi—Cherry-red, lined and edged white.
Chandlerii Elegans—Bright rose, sometimes spotted white.	Marguerite de Savoya—Bright rose striped white.
Colombo—Fine rose; finely formed flower.	Mariana Talenti—Bright red with white stripe through center of each petal.
Countess Laviana Maggi—Bright scarlet striped white, sometimes all scarlet.	Mathotiana Alba—Pure white.
Duchess de Berry—White.	Noblissima—White.
Elata—Deep crimson.	Paolina Lucca—Pure white.
Gen. Lafayette—Pale rosed edged white.	Phillippo Parlo—Dark crimson.
Gilda Sagana.	Pink Perfection—Fine shell pink.
Guthariana—Deep carmine.	Principe Cancio—Cream white.
Henry Favre—Rose with salmon tint.	Princess of Prussia—Double white, star shaped.
Imbricata—Carmine blotched white.	Reine des Belges—Bright carmine crimson.
Il Cyno—White.	Roi Leopold—Rose striped white.
Jubilee—White shaded rose; sometimes striped carmine.	Tricolor Imbricata Pleno.
Le Constitution.	Tricolor Mathotiana—Pink striped carmosin.
Lemichezi—Bright red.	Tricolor—Finely variegated.
Leda.	Terchia Franchina.
Lowii—Dark carmine.	Toni Odora—Pure white.
Mad. Abby Wilder—White striped pink.	Valteveredo—Crimson and white, spotted.
Mad. Campbell—Dark red.	Virgin de Calle Beale.
Mad. Cochet—White, sometimes striped rose.	Variegata—Deep pink striped scarlet.

RHODODENDRONS.

Rhododendrons Hybrids, a large collection, comprising the best blooming and strongest growing named varieties.

Plants with 5 to 8 flower buds.85 cents to \$1.00 each; \$ 8.00 to \$10.00 per 12
“ “ 9 to 12\$1.25 to 1.50 each; 12.00 to 15.00 per 12
“ “ 12 to 16 2.00 to 3.00 each; 24.00 to 32.60 per 12

Rhododendrons Hymalaya, Elegantissima, Countess of Cefton and Suave, large flowering, sweet scented, white varieties at \$1.00 to \$1.50 each.

ARAUCARIAS.

Araucaria Exelsia (Norfolk Island Pine), strong, healthy plants, 2 feet high.....

“ “ 18 inches high\$1.25 each; \$12.00 per 12
“ “ from cuttings, 6 to 10 inches, in pots.	...75 cents each; 8.00 per 12
“ “ seedlings, in 2-inch pots, ready in February.\$16.00 per 100
“ “ Bidwilli, 12 inches high in 4-inch pots.	..50 cents each; \$5.50 per 12
“ Imbricata, balled, 1½ feet higheach \$1.50
“ “ “ 1 foot higheach \$1.00
“ “ 2½-inch pots, 6 inches high\$1.50 per 12; \$10.00 per 100

CLEMATIS.

Clematis Jackmanii.	60 cents each; \$6.00 per dozen
“ Assorted, large flowering, named.	60 cents each; \$6.00 per dozen
“ “ “ without names.	50 cents each; \$5.00 per dozen
“ Montana.	30 cents each; \$3.50 per dozen
“ Paniculata.	30 cents each; \$3.50 per dozen

PÆONIA MOUTAN (The Tree Pæonia).

This beautiful plant is very little known here on the Pacific Coast; it is perfectly hardy and succeeds best in partial shade. The flowers are very large and measure from 10 to 12 inches across. Price, 50 to 75 cents each.

Adzuma—Scarlet fringed white, with yellow base.	Ginfukurin—Rich rose-purple, shading to white.
Akashigata—Rosy pink, fringed and undulated.	Kamadafui—Purple-rose shading to rosy lilac.
Bunbodo—Carmine blush, margined.	Saigyo—Delicate satin pink.
Gabisan—Pure white.	Yoyono—Rich scarlet.
Kagurama—Clear pink.	

ERICAS.

Erica (Cape Heath). This extremely beautiful plant may be grown in almost any fairly good garden soil, but it prefers a good, moist sandy soil in a cool and sheltered location. The *Ericas* bloom very abundantly and are literally covered with flowers. I cultivate the following varieties:

	Size.	Each.	Per 12
Capitata. White blossoms; robust grower.....	in pots, 1½ feet	\$0 25	\$2 50
Cinerea carnea. Crimson flowers.....	1 foot	20	2 00
Cupressiana. Light rose.....	8 inches	30	
Fagens. Pale rose. Fall flowering.....	1 foot	20	2 00
Hyalina. Pale-rose flowers; one of the prettiest....	3 feet	60	6 00
“ “ “ “ “ “ “ “ “ “ “ “	1 foot	30	3 00
Intermedia. Bright scarlet.....	1 foot	75	
Lewis. Pure white; one of the best.....	2 feet	50	5 00
“ “ “ “ “ “ “ “ “ “ “ “	8 inch	20	2 00
Mediterranea. Pink; erect, compact grower.....	1 foot	20	2 00
Pesroluta alba. White.....	1½ feet	40	4 00
“ perfecta. Pink.....	1½ feet	40	4 00
“ rosea. Rose-colored.....	1½ feet	40	4 00
Vilmoriana. White and pink.....	6 inches	25	2 50
Vulgaris. Common Heather.....	8 inches	25	2 50

Epacris. Very beautiful flowering plants, requiring similar cultivation as *Ericas*.
Hybrida, 60 cents each. *Perfection*, 60 cents each. *Eclipse*, 60 cents each.

Baronia Alata. Similar to *Ericas*, but more robust growers. Color, deep rosy pink. Very attractive. 60 cents each.

CACTUS DAHLIAS.

A very showy and effective section of the Dahlia family. Especially fine for cut flowers. Price 20c each; \$2.00 per doz.

Alfred Vasey—Reddish amber; shaded rosy.	Capt. Broad—Bright fiery-scarlet. Full flower.
Beatrice—Flowers borne on long stems; pale rose, shading into purple.	Chas. Woodbridge—Brilliant carmine.
Britania—Salmon rose; large, well-formed flowers.	Cornucopia—Reddish salmon, slightly shaded. Full, well-shaped flower.
Cannell's Gem—Terra cotta, changing to orange-red.	Countess of Lonsdale—Perfectly formed, beautiful flower, of fine salmon-red color.

Cycle—Rich ruby color.
 Emperor—Pale lilac, changing to yellow at the base of petals.
 Exhibitor—Peach-pink; narrow petals.
 Exquisite—Reddish-apricot; rich flowering on long stems.
 Fearnought—Delicate carmine, changing to rich red at base of petals.
 Flossie—Delicate flesh color and coral-red, changing to pale yellow at center.
 Firebrand—Rich velvety carmine.
 Grace Darling—Dark carmine with rose.
 Greens White—Beautiful large flowering white.
 G. W. Childs—Dark brown, shaded purple.
 Hohenzollern—Brilliant amber yellow; reverse of petals golden yellow.
 Laverstock Beauty—Vermilion-red, lighter at center.
 Leonore—Brilliant carmine-red.
 Loderstone—Very regular large flower; reddish apricot.
 Loyalty—Incurved petals; rich coral-red.
 Major Tuppeney—Dark yellow, shaded orange.
 Mary Service—Rosy, heliotrope violet.
 Maurice S. Walsh—Yellow and point of petals salmon-rose.
 Miss A. Jones—Dark carmine with scarlet.
 Miss Gretta Park—Bright salmon.

Mr. Turner—Sulphur yellow.
 Mrs. Cartes Page—Velvety; dark blood-red.
 Mrs. Dickson—Beautiful rose, changing to yellow.
 Mrs. Saunders—Dark yellow.
 Porcupine—Dark scarlet brown; pointed petals.
 Progenitor—New form of slashed petals; brilliant carmine-red.
 Princess Ena—Pale orange, shaded dark orange.
 Ruby—Ruby-colored, fine form and free blooming.
 Sparkler—Rich carmosin.
 Standard Bearer—Brilliant fire-red.
 The Clown—Rich terra cotta red. Point of each petal is white.
 Tillie—Salmon shaded pale rose.
 True Friend—Garnet, shaded brown.
 Uncle Tom—Very dark brown, nearly black.
 Viscountess Sherbrooke—Reddish terra cotta, shaded apricot; incurved petals.
 Wallace—Rich amber yellow.
 William Cuthbertson—Rich carmine-violet.
 Wisdom—Pale rose; long, slashed petals.
 Zephyr—Pale rose; fine form and free bloomer.

ROSES.

The plants offered are all strong and vigorous, having strong roots, and have been grown in the open ground for two years. They average in height from 18 inches to 3 feet, and will be furnished from December 1st, 1902, to April 1st, 1903.

Price 15 cents each; \$12.50 per 100. Not less than 5 of one variety at the 100 rate.

TEA ROSES.

The most refined, and a class comprising the most of the everblooming roses. They are highly prized and admired for the delicious fragrance, and the exquisitely beautiful forms and colors of their flowers. In color they embrace all shades from the purest white to brightest crimson, and from light straw to rich orange. The climate of California, being peculiarly adapted to roses, this family here revels in luxurious growth and bloom.

Andrea Schwartz; brilliant glowing scarlet, passing to rich crimson.	Coquette de Lyon; beautiful pale sulphur yellow; very double and free blooming.
Alphonse Karr; dark rich, crimson scarlet.	Devoniensis; creamy white.
Baron Trevi; rosy salmon, tinted golden yellow, strong and healthy growth.	Dr. Grill; light rose, with coppery yellow center, beautiful in bud.
Bon Seline; brilliant carmine rose; a well-known variety.	Duchess de Brabant; rosy flesh, globular form; one of the best.
Bride; white tinged with yellow; beautiful in bud.	Edward de Littage; large flower, of a magnificent rosy color; extra.
Bridesmaid; bright pink; fine and full.	Eliza Sauvage; pure white, with pale lemon-yellow center.
Catherine Mermet; salmon rose; one of the best.	Etoile de Lyon; rich golden yellow; full and beautifully formed.
Caroline Kuster; pale sulphur yellow.	Francisca Kruger; coppery yellow shaded with peach; fine.
Christine de Noug; deep purplish red; very double.	Gen. de Tartar; dark rose color; large and full; free blooming.
Cornelia Cook; large, fine buds; creamy white.	Gen. Robt. E. Lee; orange yellow of a peculiar tint; flower born on a long stem; beautiful.
Charles de Bergis.	
Countess de Frigneuse; bright canary yellow; distinct.	

- Golden Gate; rich creamy white, shaded amber yellow and satin pink; one of the best.
- Grand Duchess Hilda; nankeen yellow, with orange center; fine-shaped flower.
- Homere; white ground, with rosy pink shade to the end of the petal.
- Isabella Sprunt; an old favorite, of bright canary color; long bud.
- Jules Finger; bright rose, shaded scarlet.
- Krown Princess Augusta Victoria (white Sou de la Malmason); pure white, of a fine form; very free blooming.
- La Sylphide; beautiful cream color shaded rose.
- Mad. Bravy; rich cream, with pink center; full pointed bud.
- Mad. Camille; delicate salmon pink.
- Mad. de Vetry; coppery rose, shaded salmon.
- Mad. de Watteville; white, shaded salmon, bordered bright rose; extra.
- Mad. Elise Lambard; delicate rosy flesh, outer petal shaded with white.
- Mad. Agatha Nobanand; white with rose center; fine and free bloomer.
- Mad. Falcot; yellow buff deepened to orange; one of the best old roses.
- Mad. Hoste; bright, clear yellow; very large, full and perfect in shape.
- Mad. James Nelson; pretty creamy white, lined to center with buff.
- Mad. Isaac Perrene; large and full; bright red; extra.
- Mad. Joseph Schwartz; white tinged with flesh; cup-shaped flower.
- Mad. Lambard; rosy bronze, tinged with salmon and buff, shaded crimson; beautiful.
- Mad. Marie Verdier; white shaded with apricot; very large and full; one of the best.
- Mad. Margottin; dark citron-yellow; strong growing.
- Mad. Pernet Ducher; color, a light canary-yellow, with long-formed buds; beautiful.
- Mad. S. Cochet; canary-yellow shaded with white, edged with rose; very beautiful and free in growth and bloom.
- Mad. V. Mennier; a strong, vigorous grower; color, pale light rose; flowers large size; extra.
- Mad. Welche; pale canary yellow, with dark orange center; long pointed bud.
- Mad. Willermotz; pure white.
- Mamam Cochet; color is deep rosy pink, the inner side of the petal being a silver rose.
- Mamam Cochet; white.
- Marie Ducher; salmon, shaded with rose; free and full.
- Marie van Houtte; color light lemon yellow, with a distinct line of pink, changing to deep red; beautiful.
- Marquis de Vivien; paler rose, center changing to yellow; strong grower; fine.
- Melville; beautiful shell pink, large pointed bud.
- Mons. Furtado; very bright sulphur yellow.
- Nephitos; pure snow-white; long, well-formed buds.
- Papa Gontier; rosy crimson; buds of extra large size; one of the best roses for the garden.
- Pearle de Lyon; deep golden yellow; flowers very large and double.
- Pearle des Jardin; flower deep canary yellow, of great substance; one of the best.
- Princess Beatrice; bright golden yellow; large and full.
- Princess Sagan; brilliant fiery crimson, of a most beautiful tint; the flower is of medium size, but the most prolific bloomer.
- Princess Vera; pure white, with pale yellow tint; fine form.
- Pierre Guillot.
- Queen (The Queen); a pure white sport of Sou. d'un Ami; very fine and full; one of the best.
- Rainbow; lovely pink color, streaked with crimson; the best striped rose in cultivation.
- Rainbow, Improved; resembles the former excepting the crimson, making it more spotted and penciled; extra.
- Reine Nathalie de Servia; creamy white, shaded to the center with a lovely pink hue; extra.
- Rubens; pale rose, shaded pure white to outer end of petal; large, full rose.
- Safrano; the oldest tea rose in cultivation, but one of the best; buff color, shaded apricot.
- Sappho; bud fawn color, suffused with rose; the open flowers are yellow and tawny buff, center deep bright yellow.
- Sombruel; pure white, tinged with silvery rose.
- Sou. de Geo. Sand; Golden-yellow flowers, large and fine form.
- Sou. de la Malmaison; pale flesh; a large full rose; one of the best.
- Sou. de Dr. Passold; dark crimson, shaded maroon; free bloomer.
- Sou. de Victor Hugo; bright rose, with copper yellow center.
- Sunset; color, beautiful orange-tinted saffron; a fine rose, of great merit.
- Triomphe de Luxembourg; rosy blush on a copper ground.
- Triomphe de Pernet Pierre; color, fine bright red; buds long and pointed; free to bloom.

HYBRID TEA ROSES.

This family of Roses is remarkable for their continuous blooming qualities, as well as for their exquisite perfume.

| <p>Belle Siebrecht; solid pink, of the richest shade.
 California; a California seedling; its color is rosy crimson, shaded with lovely pink; strong and healthy foliage.
 Charles de Bergeris.
 Kaiserin Augusta Victoria; strong grower, producing grand, pure white flowers.
 La France; deep silvery rose, large and full; very fragrant.
 La France (dark); strong grower; color, deep pink, shaded magenta.</p> | <p>Mad. Caroline Testaut; clear pink; extra.
 Meteor; velvety, deep glowing crimson; very double.
 Reine Marie Pio; deep rose carmine; large and full.
 Striped La France (Mad. A. Veyssset); identical with its parent, La France, except much stronger growth, and the flowers are striped and shaded with white.
 Vicountess of Folkestone; delicately tinted flesh, almost white; lustrous as satin.
 White La France; pearly white, sometimes tinted with fawn.</p> |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

HYBRID ROSES.

This popular class combines the vigor of the garden Rose with the frequent blooming qualities of the several other classes; blooming here from early Spring until late in Autumn.

 Mad. Gabriel Luizet; clear, pale pink; a delicate and beautiful color.
 Magna Charta; bright pink, suffused with carmine.
 Marshal Ferry; crimson vermilion; very fragrant.
 Mrs. John Laing; soft pink; large, finely shaped flower.
 Paul Neyron; dark rose, of large size.
 Sou. de Louis Van Houtte; blackish crimson, shaded scarlet; a rich color.
 Ullrich Brunner; bright cerise red; flowers large and full, of a globular form.
 Xavier Olibo; scarlet, shaded black.</p> |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

CLIMBING ROSES.

Climbing or pillar roses are now in great variety; and, as with the other families of roses, new colors and improved habits have been introduced, so that from pure white to crimson may be procured for covering pillars, trellisses, trees, buildings, etc.

|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Beauty of Europe; golden yellow, shaded apricot; large and full flower; one of the best.
 Banksia Yellow; small flower of canary yellow.
 Bedford Belle; lovely soft pink.
 Celine Forrester; pale yellow; free bloomer.
 Cheshunt Hybrid; vivid red; very large, and of sweet fragrance.
 Climbing Devoniensis; creamy white, with pale yellow center.</p> | <p>Climbing La France; somewhat darker in color than the La France.
 Climbing Pearle des Jardin; deep yellow; buds large and highly fragrant.
 Cloth of Gold (Cromotella); yellow; large, and very double; one of the best.
 Crimson Rambler; dark red; small flower.
 Furstin Bismark; light shade of pink; flower large and full.
 Gold of Ophir; salmon and fawn, shaded with copper.</p> |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

- Gloire de Dijon; apricot, tinted yellow and salmon; a grand rose.
 Gloire de Margottin; dazzling red; large and full; very fragrant.
 Isabella Gray; pale lemon yellow; strong grower.
 La Marque; pure white; the best white climbing rose.
 Mad. Alfred Carriere; extra large; full flowered; very double and sweet; color creamy white, tinged with pale yellow.
 Mad. Schmidt; a very strong growing climbing rose; one of the best; color dark orange yellow; very large and full.
 Marshal Neil; beautiful deep yellow; full and globular.
 Mathilde; dark rose; flower very full and sweet; one of the best red climbers; free blooming.
 Mon. Desire; the darkest red climbing rose at this present date; color deep crimson, with maroon center.
- Princess Stephany; salmon-shaded orange yellow; large and full flower; very free blooming.
 Reeve d'Or (Climbing Sofrano); buff apricot yellow; very free blooming.
 Reine Marie Henriette; cherry red; large, full flower.
 Reine Olga de Wurtemberg; bright red; lovely in bud; very strong growing, with handsome foliage.
 San Rafael (Beauty of Glasenwood); color a nankeen yellow, suffused with salmon, changing to rose.
 Solfatere; pale sulphur yellow, deeper to the center; large and full flower.
 Triomphe de Bordeaux; color a satin rose; buff; bud and flower of a magnificent form; one of the best.
 Wm. Allen Richardson; deep yellow; one of the favorite climbing roses.
 Yellow Rambler (Aglaia); the color is a decided yellow.

BENGAL ROSES.

- Agrippina; rich crimson; constant bloomer.
 Archduke Charles; carmine rose, changing to silvery rose and white.
 Champion of the World; color fine, lovely shell pink; exquisitely fragrant; a constant bloomer, and strong, healthy grower.
- Empress of China (the apple-blossom rose); it is a strong grower and free bloomer; flowers of good size; long-pointed buds, soft red, turning lighter as it opens.
 Hermosa; an old favorite; it is always in bloom; color, pleasing shade of pink.

POLYANTHA ROSES.

- Cecil Brunner; charming variety; salmon pink, with darker center; fragrant.
- Pearle d'Or; nankeen yellow, orange center; very beautiful.

NEW CLIMBING ROSES.

The price for new Roses, both climbing and bush, for strong two-year-old (budded) plants, is 15 cents each, except where otherwise marked.

- Barton, Job. The foliage is large and leathery; the flowers are very large and resemble a saucer in shape, and are semi-double. The color is deepest, richest velvety crimson.
- Climbing Bridesmaid. A strong, rapid grower and free bloomer; clear, dark pink. A superb variety.
- Climbing Kaiserin (Mrs. Robert Perry). Strong, rapid climber, without a weak spot, and throwing up shoots 10 to 15 feet high in a single season. The flowers are grand, of a pure white color and of great substance, and are produced on long, stiff stems.
- Climbing Malmaison. This is identical with the old Malmaison except that it is a vigorous climber. Its color is pale flesh; very large and full.
- Climbing Meteor. The brightest colored of all climbing roses. Its flowers are much larger than meteor and are richer in color.
- Climbing Paul Neyron (Mad. Wagram). A grand new rose. Paul Neyron has always been known as the largest rose extant. This climber excels any rose, with its bright, fresh pink color.
- Climbing Wooton. This is a sport of that famous rose Sou. de Wooton, and is identical with it except that it is a strong climber. The flowers are large, full and regular with thick, leathery petals, and are bright magenta red, passing to violet crimson.
- Gruss an Teplitz. It is a perfect sheet of richest crimson scarlet all summer. The nearest we can describe it is that it is the richest velvety crimson shaded with brightest scarlet.
- President Cleveland. A continuous bloomer and magnificent large double flowers. Beautiful, fragrant buds. Color, pure snow-white, sometimes faintly tinged with yellow toward the center.

NEW BUSH ROSES.

- Admiral Dewey. Delicate daybreak blush, clear and distinct. Very fragrant. Flowers perfect in form.
- Antoine Revoire. Handsome new rose of vigorous growth and habit, with large, full and camellia-shaped flowers; color, rosy flesh on yellow ground and shaded with a border of carmine.
- Baldwin. A valuable red rose of intense carmine crimson, with deeper shades in the depth of petals; similar in color to American Beauty.
- Clara Watson. A large, beautiful rose. Color, salmon pink blended with blush pink at the outer edge of petals, shading to yellow at center. Strong grower and profuse bloomer.
- Coronet. Considered the sweetest, largest and freest blooming hybrid tea-rose in cultivation. In bud the color is a deep, rich carmine, lightening to a clear, soft pink as the flower opens. Each petal is distinctly edged with silvery-gray.
- Countess Eva Starkenberg. Long bud; fine double flower of great beauty. Color, creamy yellow shading to ochre at the center; borders of the petals touched with rose.
- Enchantress. Large double flowers in immense clusters. Color, creamy white slightly tinted with buff at the center.
- Ferdinand Germain.
- Helen Cambier. Free, vigorous growth, and very free blooming. Flowers of splendid substance and delightful shade of rich coppery yellow. Buds full and firm, lasting a long time when cut.
- Maid of Honor. Color, rich glowing pink, darker than Bridesmaid. Most prolific bloomer, and has perfect buds.
- Mad. Abel Chatenay. Flowers large and full; petals recurved, and a beautiful creamy rose, shaded vermilion and salmon.
- Mrs. Robert Garret. Large flowers and fine foliage. Buds long and pointed, opening beautifully. Color, a glowing shell pink, very deep in the center.
- Princess Dubois.
- Princess Alice de Monaco.
- Sou. de Jean Coland.
- Sou. de Catherine Guillot. An extra fine variety, producing a long-pointed bud of the color of Austrian copper. The open flower is large and full, and a wonderful combination of color. Very fragrant, and a free and easy grower.
- Sou. de Mad. Eugene Verdier. Strong, free grower. Full, double flower, of exquisite shape. Creamy white, shading to yellow. Very fine.
- Sou. de President Carnot. This is a superb new rose in every way. The flowers are large, full and double, exquisitely shaped and with heavy, thick and shell-like petals. Color, a new, delicate, rosy blush, shaded deeper to the center of the flower. Long, pointed buds.
- Sylph. Flowers ivory white, tinted with peach color. A very beautiful blending of colors. The growth is vigorous, and the flowers are produced in great abundance.
- White Mamam Cochet. In bloom constantly. White Mamam Cochet is easily queen of all white roses. The buds are beautifully formed, with large petals of great substance. It is a vigorous, healthy grower.

STANDARD ROSES.

Price, 50 cents each.
